Tim – the first of our 8 or so customized webpages for RCAPPS is done. Brett did a great job, and Janette is the overall manager of this project. I love it!

FYI, Brett's customized corrective action webpage for Baxter is done:

<https://www.epa.gov/hwcorrectiveactionsites/epa-rcra-id-wad053823019>

Looks nice! We were able to get this one done quickly because Brett only had one document to put on there and Charles could post it himself instead of Brett needing to get a SEMS collection released.
